**-- REMARKS --**

Claims 1-20 remain under consideration. Claims 1-5, 14, 18-20 are allowed.

The rejection of claims 6-13 and 15-17 under the judicially created doctrine of obviousness-type double patenting, as being unpatentable over claims 6-13 and 15-17 of (US 6,655,756) to Riddiford, et al, is traversed.

Claims 6 and 15, both of which are independent, have been amended herein to require, *inter alia*, "sensing a chamber pressure" rather than "determining a chamber pressure." This amendment is supported at page 11, lines 1-22 of the present Application. Applicants believe that the amendments made herein obviate the double patenting rejection to claims 6-13 and 15-17.

**SUMMARY**

Applicants believe that the application is in condition for allowance. Reconsideration and notification of allowance are respectfully requested.
